Insurance figures are still outstanding for 2004 –

MMIC Proposal

Moving forward – MMIC has approached ORRA regarding formation of a national club. Please review the information as presented in the last meeting minutes with your members and advise us your thoughts regarding this organization. This new group would be know as the Motorcycle Alliance of Canada (MAC). At this point, the MAC has no charter. ORRA can be part of forming their charter is we choose.

ORRA has concerns with MAC given their response time after the last meeting regarding the forwarding of presentation and the format in which the information was finally sent to us.

Meeting Minutes 3 January, 2004

We will ask MAC representatives to be present at our next meeting to answer questions regarding MAC.

John Milner presented a motion that ORRA will not respond to MAC at this meeting due to the tardiness of MAC getting this information to ORRA. We will respond to the MAC representative at the May meeting, but the Executive are to have the MAC representative attend the ORRA April 3, 2004 to answer questions. The questions must be submitted prior to the meeting, so that the MAC representative can be properly prepared.

In the meantime, *Members* should review the AMA website and how their model works. Also review how the Quebec clubs & insurance models work and review if it would work for Ontario.

Rick McCalla will add a comments & feedback section to the ORRA website for people to submit questions and feedback for ORRA and for ORRA *Members* to submit questions.

New Business

Wesley Peirce brought up the ORRA sanctioned calendar of events. The executive needs to review the ORRA mandate and what our own goals are and should be. Should we have an ORRA sanctioned event?

Member clubs – please submit your events to David at dngross@ride4pets.org

Members would like to see an ORRA sponsored event.

A motion was made to have the next meeting at the Spring Motorcycle show – agreed – see schedule above
